

# SportsWeb™

## Website Update Tool For Sports Organisations

**SportsWeb** takes the hassle out of keeping a web site alive.

Designed for Sports Organisations who want to publish news, results, events and up to date information on their website for their members **SportsWeb** allows an administrator add/delete/amend news, results, documents, pictures and contact details in seconds - without any programming knowledge.

Fast and simple – the latest information can be added to a site.

No More Dead Web Site  
No More Design Agency Fees for Updates.  
No More Working with FrontPage, HTML or FTPs.

*If you've got an announcement to make – Just Go Ahead and Make It.*

**SportsWeb** includes a template web site design however it can be integrated into an existing site or a custom site design can be created for your organisation.

## Functions

The following functions are included with SportsWeb V.2.0

<b>Add/Delete News</b>	<b>Add/Delete Events</b>
<b>Add/Delete Results</b>	<b>Add/Delete Photo Gallery</b>
<b>Add/Delete/Amend Clubs Details</b>	<b>Add/Delete Main Page Advert</b>
<b>Public Add Buy&amp;Sell Notice</b>	<b>Delete Buy&amp;Sell Notice</b>
<b>Add/Delete Categories/Sections</b>	<b>Add/Delete Administrators</b>

## Features

### **Multiple Administrators**

With **SportsWeb** you can create multiple web site administrators or administrators for certain sections only.

*For example, you could give the Ulster Branch Secretary the facility to add their own information to their own section. Or you could give the International Coach access to a World Championship Diary section – for daily reports from Australia.*

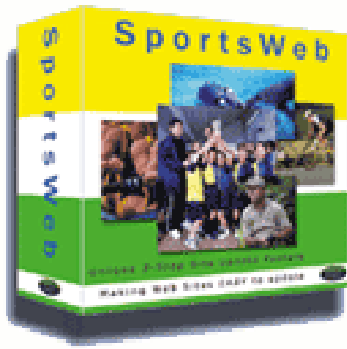

### **Anywhere Access**

Because **SportsWeb** is a web based package you can update your site from anywhere you can access the internet. At home, in the office or a web café in downtown Atlanta.

*With a mobile phone and a Laptop or PocketPC you could update the site from the course – live as the results come in!*

### **Constant Upgrade**

**SportsWeb** is constantly being upgraded to improve performance all the time. As **SportsWeb** is a hosted service you benefit from those upgrades without having to lift a finger.

## Website Update Tool For Sports Organisations

<b>Frequently Asked Questions</b>	<b>Frequently Given Answers</b>
<i>Is SportsWeb a web site design?</i>	No – SportsWeb is a tool which makes updating your web site easier. SportsWeb can be integrated with you existing web site, one of the SportsWeb template designs or a complete new design – it's your choice.
<i>I have a web site already – why do I need SportsWeb?</i>	If you can't update the site from any PC yourself you need SportsWeb.
<i>We don't have any programmers.</i>	With SportsWeb you don't need any. It's as simple as click, type, click, and publish – for all your news, events or results.
<i>Is it expensive?</i>	When compared with the time and effort which goes into updating web sites currently SportsWeb is not expensive. SportsWeb can be either bought outright or rented on a yearly basis.
<i>What equipment do I need?</i>	None. SportsWeb is hosted on our own dedicated Unix servers.
<i>Is it difficult to install?</i>	All installation and integration is carried out for you. All you need to do is log-on.
<i>Can I see a demonstration?</i>	Yes. Contact us for a full online demonstration. We can also provide you with examples of other sites that use SportsWeb.
<i>How do I get more information?</i>	Contact either Phil O'Keeffe by phone on 086 837 3547 mail at phil@ventureprojects.com
